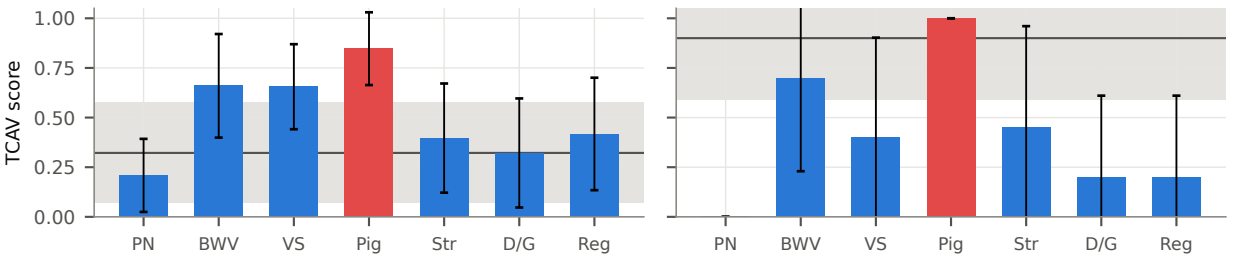
TCAV of the audit controls (ISIC 2020 concept sets, melanoma inputs). Grey band: random-CAV mean +/- SD; red: target concept

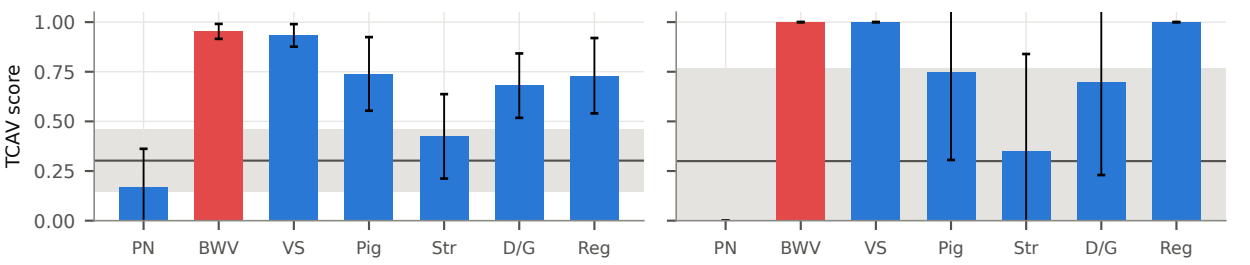
Control+: pigmentation, mid layer

Control+: pigmentation, late layer



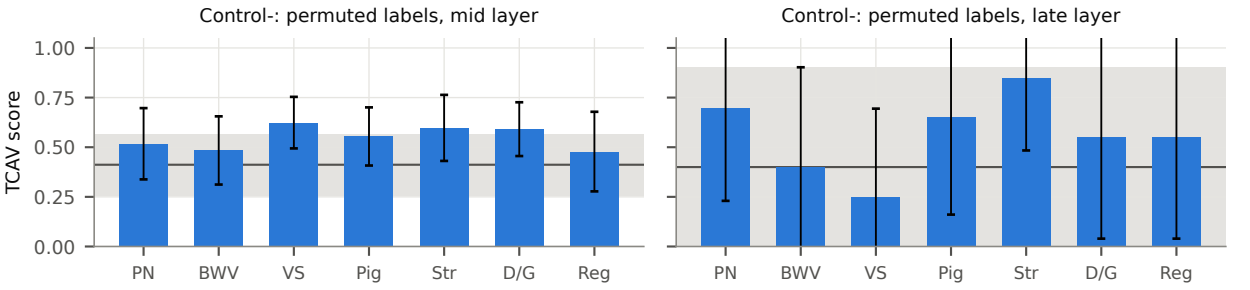
Control+: blue-whitish veil, mid layer

Control+: blue-whitish veil, late layer



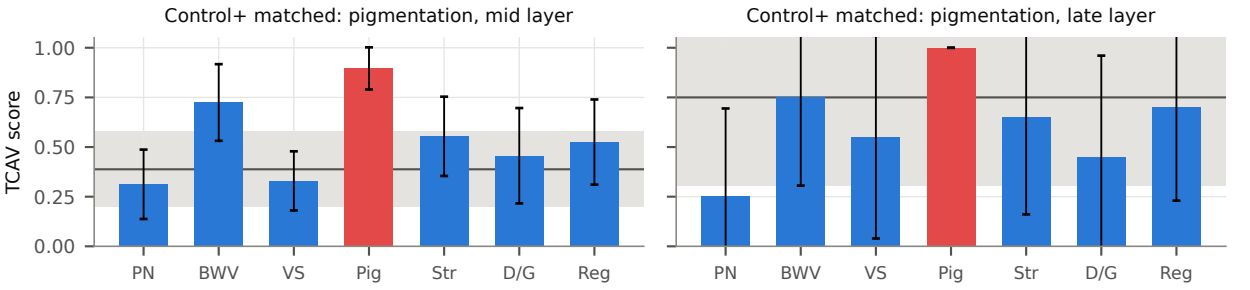
Control-: permuted labels, mid layer

Control-: permuted labels, late layer



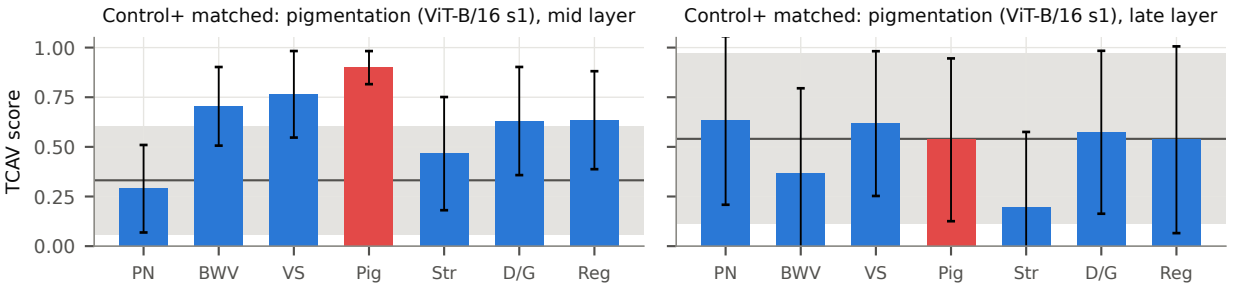
Control+ matched: pigmentation, mid layer

Control+ matched: pigmentation, late layer



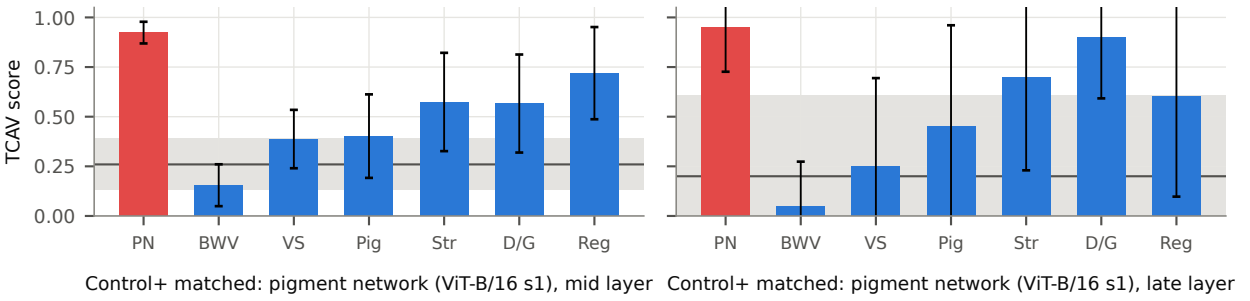
Control+ matched: pigmentation (ViT-B/16 s1), mid layer

Control+ matched: pigmentation (ViT-B/16 s1), late layer



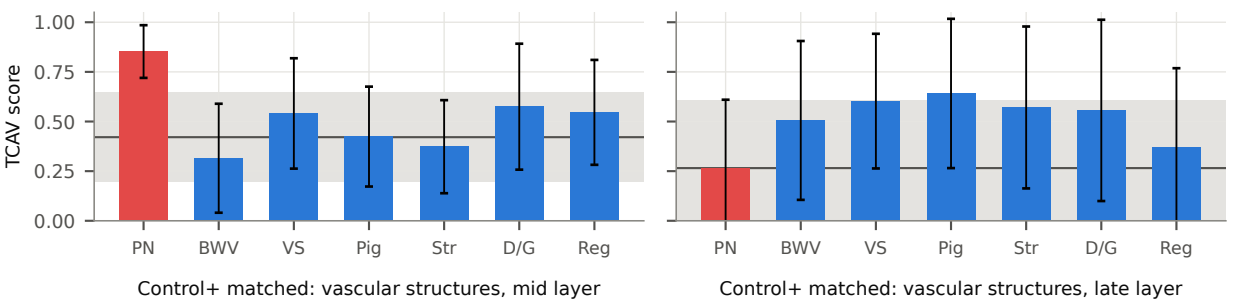
Control+ matched: pigment network, mid layer

Control+ matched: pigment network, late layer



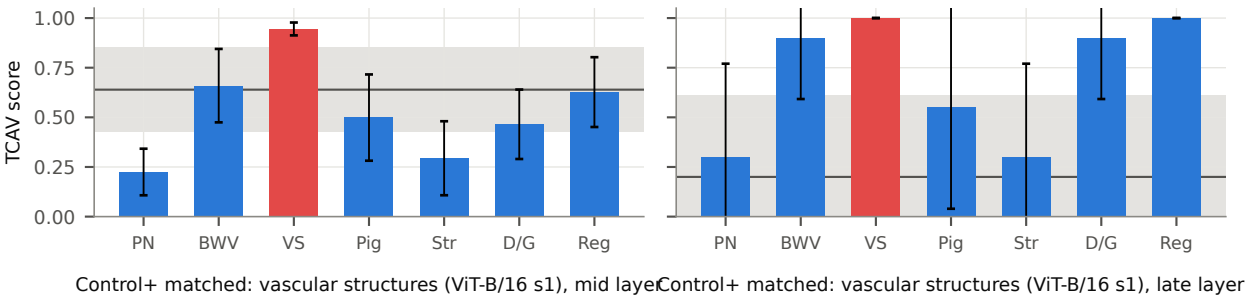
Control+ matched: pigment network (ViT-B/16 s1), mid layer

Control+ matched: pigment network (ViT-B/16 s1), late layer



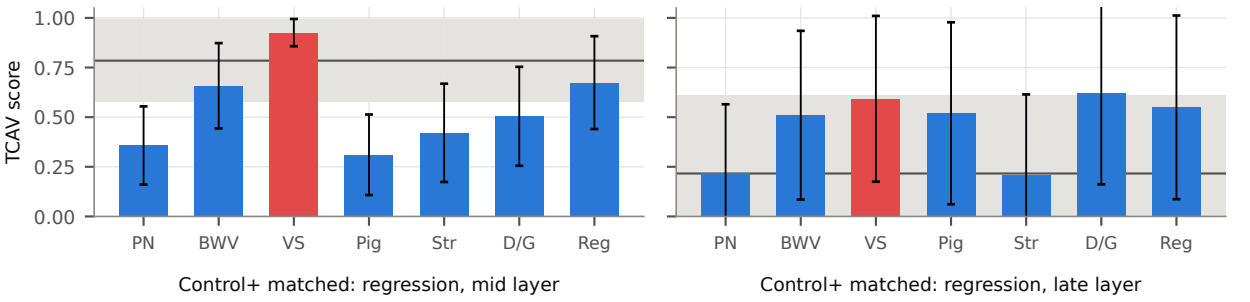
Control+ matched: vascular structures, mid layer

Control+ matched: vascular structures, late layer



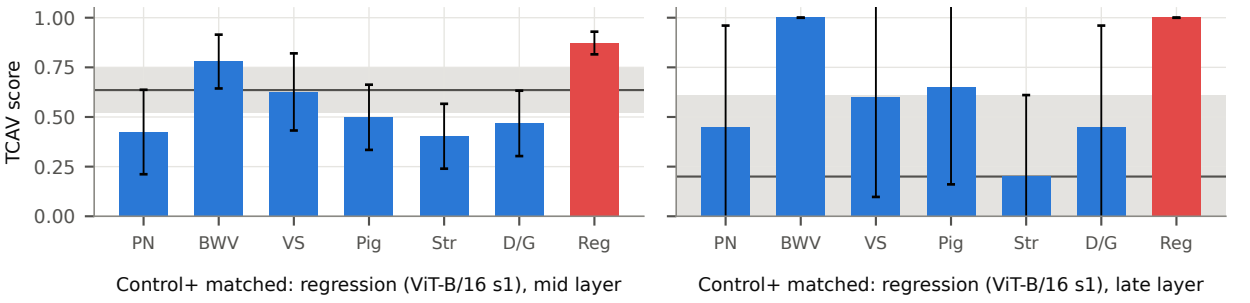
Control+ matched: vascular structures (ViT-B/16 s1), mid layer

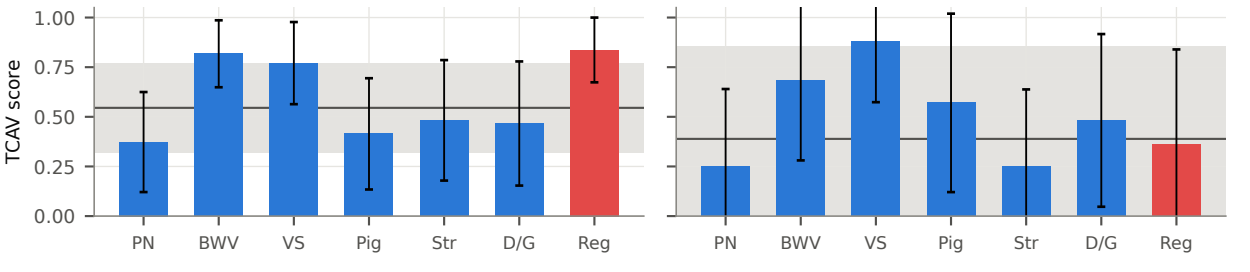
Control+ matched: vascular structures (ViT-B/16 s1), late layer



Control+ matched: regression, mid layer

Control+ matched: regression, late layer



Control+ matched: regression (ViT-B/16 s1), mid layer


Control+ matched: regression (ViT-B/16 s1), late layer
